

About Us

Capital Metalworks is a family run company based in Chelmsford, Essex.

We work locally and also cover all surrounding areas of Essex, London, Hertfordshire & Kent. We undertake all manner of Steel Fabrication and bespoke wrought iron projects. There's no job too small but also no job too big!

We take great pride in our production of bespoke designs for our clients. Every item from driveway gates and railings to individual wrought iron pieces are hand made by our team of steel fabrication and welding experts.

All estimates of work are free of charge and free advice is just a phone call or email away, and if we can't help we probably know someone who can.

Feel free to browse our site and be sure to take a look at our gallery of completed projects.

Robert Grey - Director.
